NSDI Strategic Plan Feedback Summary

Opportunities

- Expand Geospatial Platform shared services/interoperability capabilities.
- Build/expand key national datasets in collaboration with partners.
- Update and modernize the geospatial policy and governance framework to address dramatic changes in the geospatial technology landscape.
- Improve management of geospatial data assets through enhancement of the NGDA portfolio management process.
- Work with partners to improve communication and outreach regarding the benefits, opportunities, and utility of the NSDI.

NSDI Strategic Plan – NGAC Comments

Themes

- Consider reenvisioning/rebranding the NSDI
- Consider new organizational approaches for leadership of national geospatial programs
- Increase focus on users and consumers of geospatial information
- Focus on engagement with partners & stakeholders, not just outreach
- Continue progress on key initiatives
